BULLETIN

DATE: 31.03.2023 | EDITION : 2023-III

SISTec-E

SISTec-R

OBJECTIVE

To become a One-stop Solution for students in order to build their successful career.

VISION

To become an institution of excellence in Science & Technology, by imparting world-class quality education and relevant training; producing skilled, competent & innovative workforce having social and ethical concern towards nation building.

MISSION

- To establish a student-centric academic ecosystem enabling them to acquire & retain domain knowledge, develop lifelong learning attitude and maintain professional ethics.
- To induce career-oriented, industry-relevant skills in students, by means of appropriate & updated training modules for their overall grooming.
- To provide state of art facilities and infrastructure to facilitate seamless dissemination of technical knowledge and spirit of innovation among students.
- To foster collaborative development through industrial tie-ups and research, so that the students can serve the society.
- To enable continuous development of teachers, thereby ensuring updated knowledge transmission to our students.

Sagar Euphoria 2023

We began our annual techno-cultural fest Sagar Euphoria with great fervor. Inspired by national pride, the Student Activity Council has organized Euphoria 2023 on the theme "G-20" Presidency to India. In the context of "W-20", SISTec presented "Tejomay Awards 2023" to 20 Eminent Women who outshined in their respective fields at the National / International Level with a command to lead. The other attractions were a series of competitions, Singing, Dancing, Robo Race/War, Tech Rangoli, SISTec's Got Talent, Fish Tank, Face Painting, Fete, Branch Master, Junkyard, Summer of Code, and Ramp Walk which engrossed students.

International Conference RAMMAT 2023

The Dept. of Mechanical Engineering organized an International Conference on Recent Advances in Materials, Manufacturing, Automobile, and Thermal Engineering, sponsored by the Madhya Pradesh Council of Science & Technology. It was inaugurated by Dr. Sunil Kumar (Vice-Chancellor RGPV) in the presence of Mr. Rudolf Schacher (from Austria) and Mr. Jonas Peter (from Germany). Dr. K.K. Jain from NITTTR Bhopal, Dr. Vishesh Mahere from Andritz Bhopal, Dr. Hitesh Panchal, and Dr. Vijay Kumar Gupta graced the occasion as keynote speakers. The conference was attended by more than 150 UG/PG students, research scholars, and faculties and more than 70 papers were presented during these two days.

Inauguration of IETE Student's Forum

The Institution of Electronics and Telecommunication Engineers (IETE) Student's Forum was inaugurated at the Dept. of Electronics & Communication Engineering, to make the student community actively participate in IETE activities and to provide a platform for students to accelerate their academic and career growth. The Chief Guest Mr. Pawan Kumar Jain's speech focused on the improvement of the core competence of the students and to have faith and patience to be successful in life. The Guest of Honor, Dr. Vikas Shinde congratulated the students on the inauguration of the Student's Forum and wished them well for their future. The Program Chair, Dr. Poonam Sinha talked about IETE and the importance of adding the students to the chapter.

Kathakali: The Dance Drama of Kerala under SPIC MACAY

We hosted the SPIC MACAY (The Society for the Promotion of Indian Classical Music And Culture Amongst Youth) for a program on "Kathakali: The Dance Drama of Kerala". Renowned Kathakali dancer and guru Shri Margi Vijayakumar along with his colleagues Shri Kalamandalam Athul, Shri Damu, Shri Kalanilayam Vishnu, Shri Kalamandalam Thampi, Shri Kalamandalam Ananthu Sankar, Shri Margi Ravindran Pillai, and Shri Sasikumar presented the Kathakali dance at the campus. In a very simple way, the artists showed the dialogue of Bhima and Panchali, an episode of Mahabharata, in dance. The students understood closely the different expressions explained by him and got to know this dimension of Indian culture closely.

Boot Camp in association with Barclays

Team Corporate Relations collaborated with Barclay's to organize a Boot Camp for our soon-to-be-placed students in order to improve their employability skills. This camp assisted in reaching out to students one-on-one, working on their weak areas, increasing self-awareness and presenting themselves in public, counseling them, addressing their objectives and setting goals, building their confidence, and overall working on all nitty-gritty issues, reflecting on their final placement/Higher Education/Entrepreneurship outcome. With this Bootcamp, the students learned how to present their content to the audience without reluctance. Opening up during interviews and rapidly reacting to conditions through team-building activities.

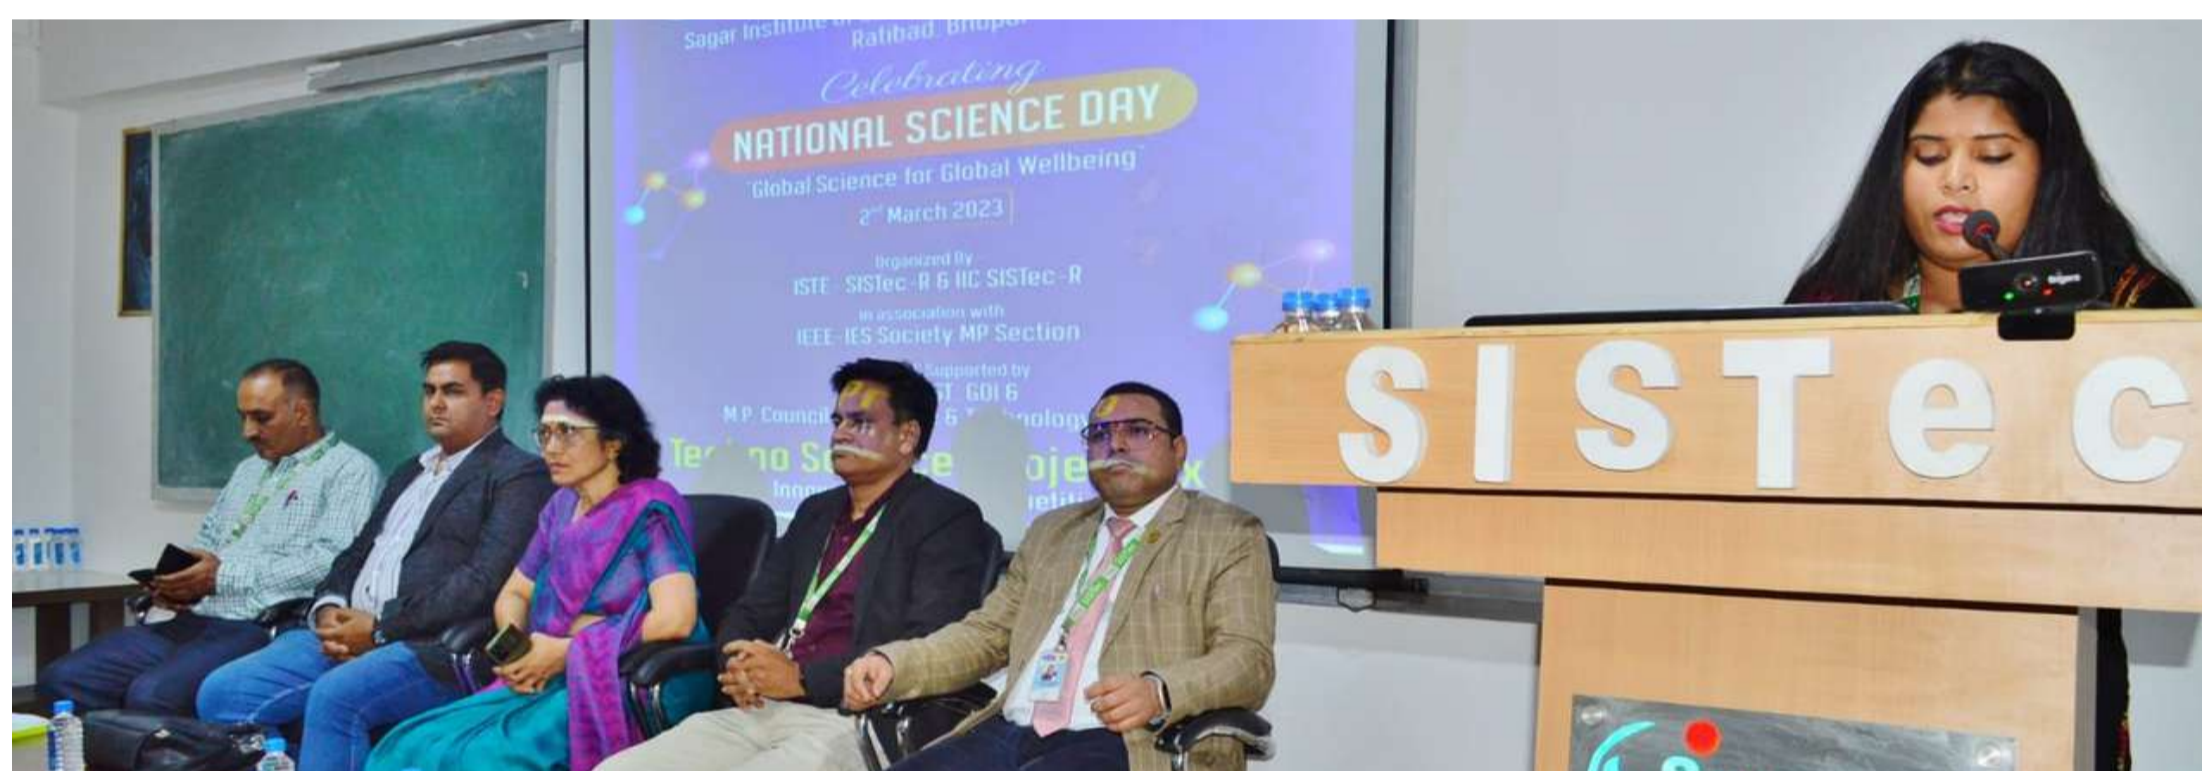

Site Visit to WALMI

The Dept of Civil Engineering organized a Site Visit to WALMI (Water and Land Management Institute) for 3rd-year students to learn about its excellent architectural design, watershed management, and ecological park. Dr. Vivek Kumar Bhatt, WALMI's Head Faculty, educated the students on the importance of land and water as mentioned in the Atharva Ved during the site tour. Mr. A.K. Gupta, WALMI's Assistant Engineer, addressed the usage of waste glass bottles in the open auditorium, which not only adds to the structure's visual appeal but also helps to reduce trash. The pupils were also shown a green wall made of moss grass grown without soil, which serves as a natural air filter.

National Science Day

"National Science Day" was celebrated with the theme "Global Science for Global Wellbeing" under the auspices of the Indian Society for Technical Education Chapter of the institute and the Institutional Innovation Cell. It was catalyzed and supported by the National Council for Science & Technology Communication's Dept. of Science and Technology and the Madhya Pradesh Council of Science & Technology. A project expo - creative project competition was held on Day 1 where students competed based on their working models on the most recent trends and technologies. Working models of IoT Based Fire Fighting Robot, Food Delivery Robot, Grain Cleaning Machine, Health Monitoring Robot, PCM Based Helmet, Auto Street Light Control System, Drip Monitoring System, AI Based Yoga, and Solar Water Heater were the centers of attraction. A professional talk on "Innovation Policies of MPCST" was held on Day 2 by Shri Vikas Shende, Principal Scientist, MPCST Bhopal. The students learned about new funding practices that could provide them with financial assistance for project creation. The day concluded with declaring winners of the Project Expo and felicitating them.

THE PLACEMENT BULLETIN

S. No.	Name	Branch	Company	Profile
1	Aakash Singh	EC	Epitome Components Crompton Greaves	Trainee Engineer Trainee Engineer
2	Abhay Sahani	CS	Silver Touch Technologies	Graduate Trainee
3	Abhinandan Singh	ME	Windcare India Pvt Ltd	Graduate Engineer Trainee
4	Abhishek Dhakad	CS	TCS	Ninja
5	Abhishek Lodhi	CS	Hexaware Celebal Technology TCS	Graduate Engineer Trainee Big Data Trainee Ninja
